"I'm glad it was a learning experience for you," Zendaya (right) said of Rancic.

## GIULIANA vs. ZENDAYA LOCKED AND LOADED

**G**iuliana Rancic got herself into a hairy situation February 23. While evaluating **Zendaya's** Oscar look from one night earlier, the *Fashion Police* cohost took a swipe at the Disney star's long dreadlocks. "I feel like she smells like patchouli oil," the *E!* star, 40, sniped of the 18-year-old. "Maybe weed." When Zendaya caught a whiff of the remark, she took to Instagram. "I was hit with ignorant slurs and pure disrespect," she wrote, adding the joke perpetuated

an "outrageously offensive" racial stereotype. The mom of Duke, 2, quickly tweeted a mea culpa — "I was referring to a bohemian chic look. Had NOTHING to do with race," she wrote February 23. She apologized again the next night on *E! News*, saying, "I didn't intend to hurt anybody." **FASHION VICTIM?** While Rancic later clarified the line was written for her, an insider says she was willing to take a shot at the teen "because Zendaya was in talks to join the *Fashion Police* panel

this season. Giuliana *hates* her." But the *Dancing With the Stars* alum does have a friend in **Kelly Osbourne**, who quit the show four days after the gaffe. (Two show sources who were there say the bit was taped multiple times, while Rancic insists there was only one take.) "Kelly knows Giuliana isn't racist, but she's still not OK with it," says one source. Adds another, "Kelly hasn't been happy at the show for a while, and this whole situation solidified her decision to move on. It was time for her to go."

MIRJANA PUHAR

## Model Murdered

» *America's Next Top Model's* **Mirjana Puhar**, 19, was found dead February 24 in an apparent triple homicide in Charlotte, North Carolina. Called to the crime scene at her boyfriend Jonathan Alvarado's apartment, officers found the bodies of Puhar, Alvarado and his roommate inside. Acquaintance Emmanuel Rangel, 19, has been charged with first-degree murder. "The Top Model family is deeply saddened," host **Tyra Banks** tweeted.

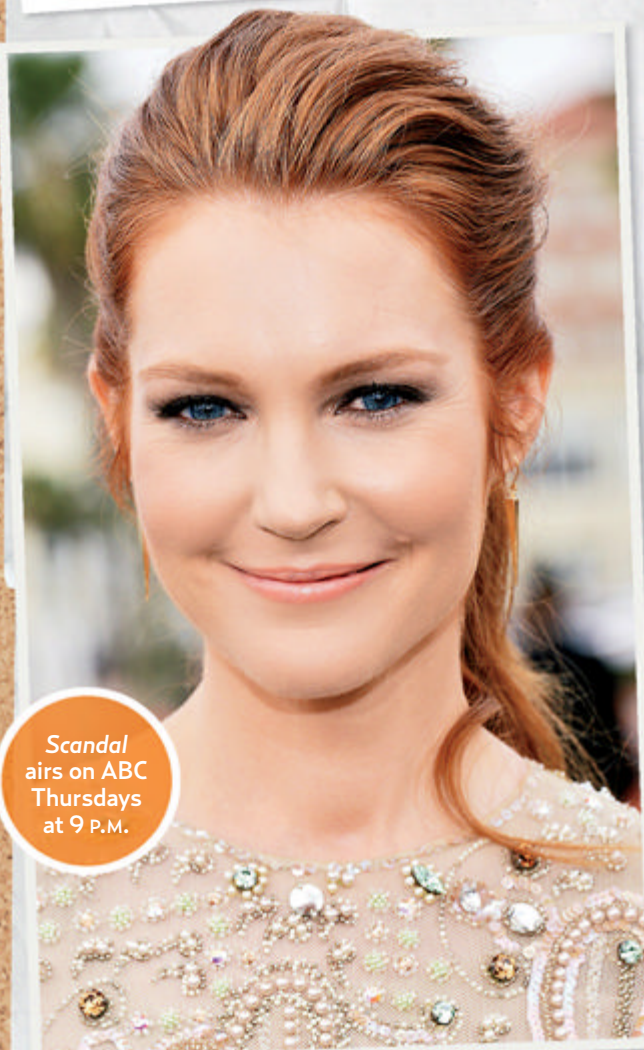

Rangel

Puhar was the youngest contestant to compete on the CW show's cycle 21 in 2014.

## 25 Things You Don't Know About Me

The *Scandal* star, 43, fills Us in

*Scandal* airs on ABC Thursdays at 9 P.M.

1. I would rather be working than be on vacation. Always.
2. I've talked my way out of five speeding tickets.
3. I text with my dad during every *Scandal* episode. We talk story lines, acting and fashion.

4. My favorite candy bar is a PayDay.

5. I feel better in high heels than in flats.

Sales of the Roman Originals bodycon dress (\$77) are up 347 percent.

## #DRESSGATE

» What the frock? A February 25 Tumblr shot (above left) of a two-tone dress broke BuzzFeed's traffic records — 16 million hits in six hours! — and split the nation. "I see blue and black," **Justin Bieber** tweeted, while **Julianne Moore** wrote, "it's white and gold." Science says: The poor lighting lets the brain decide if it reads the pic as underexposed white and gold or overexposed blue and black — the dress' real-life colors.

6. My nickname is "Darbs."
7. My nickname when I'm really hungry is "Drabby."
8. I am an avid NBA fan.

18. Gardening makes me happy. I like to grow my own vegetables and herbs, and plant fruit trees wherever I am living.

19. I try to eat more green vegetables than any other food group.

20. My biggest hobby is cooking. I spend a lot of time in my kitchen.

9. I was born and raised in Alaska. First Kodiak, then Dutch Harbor.

10. I'm the most organized person I know. You can name any article in my house, and I can tell you where it is without looking.

11. My cat, Nutmeg, was snatched up by a bald eagle when I was a kid.

12. I'm a napping pro.

21. I am a do-it-yourself type of gal.

22. I'm addicted to doing Pilates — and going on long runs on the open road with no music.

23. I've always secretly wanted a mohawk.

24. My mom and sister are both successful painters.

13. I caught my first king salmon when I was in fourth grade.

14. I prefer to look ahead instead of looking back.

15. My great-uncle Walt Stanchfield was a famous animator who worked for Walt Disney.

16. I've written in a journal consistently for the past 25 years.

17. I'd rather make a fast exit at a party than say a round of goodbyes.

25. I've never watched an episode of *Survivor*, *American Idol* or *The Bachelor*.

Reed presented Somerhalder with a Noble Award for his environmentalism Feb. 27 in L.A.

*Nikki & Ian*

## A Shared Mission

No topic is off the breakfast table for **Nikki Reed** and **Ian Somerhalder**.

"Whether it's animals, education or climate change, we really do wake up and talk about those things," the actress and animal rights activist told *Us* at the February 27 Noble Awards. "What nurtured our long friendship was our similar passions." That's not to say Reed, 26, and the *Vampire Diaries* star, 36, engaged since January, agree on *every* issue. "He thinks his eyes are ocean blue," jokes Reed. "But *I* think they're aqua."

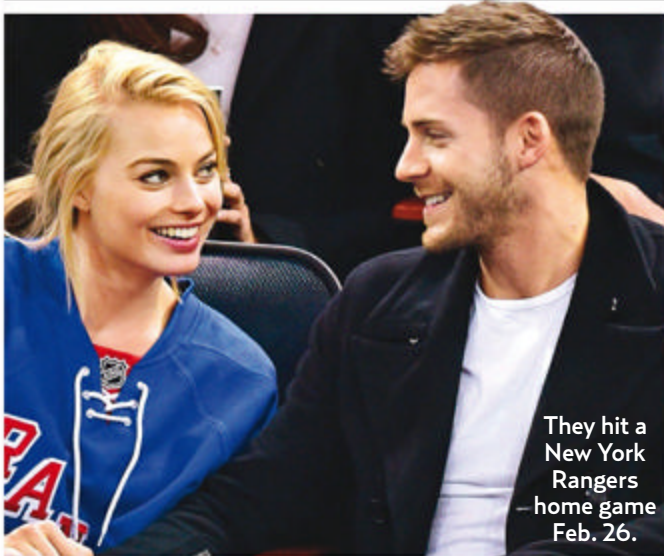

The pair first clicked on the dance floor at a party in February 2013.

## Suki & Bradley

### She's Hoping for a Ring!

As they approach their second anniversary of dating, model **Suki Waterhouse** is campaigning hard for **Bradley Cooper** to propose. "Suki says she's been warming him up to the idea of marriage and he's starting to get excited about it," shares a confidant. "It's up to Bradley to pop the question, of course, but she hopes it happens soon." He's certainly her biggest fan: When the actor, 40, tagged along to a photo shoot she did in NYC in February, "he was yelling encouragement," says an eyewitness. "Bradley would run and grab her water and tea, and was the perfect boyfriend." Waterhouse, 23, also has Cooper's mom, Gloria, in her cheering section. "They hang out when Bradley is busy," says the confidant. "She wants Gloria to know she's in the relationship for the right reasons."

They hit a New York Rangers home game Feb. 26.

## Margot & Tom

### Found Her Dream Guy

**Margot Robbie** had one rule about dating when the Aussie hit Hollywood: no actors. "She says they're too into themselves," says a pal. That's why her relationship with assistant film director **Tom Ackerley** has staying power. "He makes her laugh," the friend adds of the *Focus* star, 24, and Ackerley. "And she's really attracted to him!"

## Mark's Uptown Romance

When **Mark Ronson** first met his wife, **Joséphine de la Baume**, in 2009, they were in a London basement club and, as he told *Billboard*, "[I was] at my peak of party-boy arrogance." He pursued her, and a source says the French singer, 30, put an end to his string of flings. "Josie's so cool and an audiophile like Mark," says the pal of the 39-year-old mastermind behind "Uptown Funk" with **Bruno Mars**. "All they do is listen to old vinyl records and look at art books!"

The duo, who wed in 2011, attended a London bash after the Brit awards Feb. 25.

### Locking Lips 24/7

They couldn't even kiss before their November wedding, but now *19 Kids and Counting*'s **Jessa** and **Ben Seewald** are making up for lost time with smooches on social media. "Blessed beyond measure," Jessa, 22, Instagrammed of her first Valentine's Day with her husband, 19. They celebrated the night with a huge hot fudge sundae at Marketplace Grill near their new Springdale, Arkansas, home. "Sugar overload!" she posted. "But we love to share one of these."

They met in 2010 when their bands opened for Tim McGraw.

## *Chris & Hillary*

### Our Marriage Secret

With her busy Lady Antebellum tour schedule, singer **Hillary Scott** tells *Us* she and husband **Chris Tyrrell** "don't always have a quantity of time together, so it's about making it quality time." The country star, 28, and the drummer like to sit by the fire in their home outside Nashville — but sometimes their 19-month-old daughter, Eisele, has other plans for them. "We can watch *Frozen* five times a day!"

Rivera posted their kid pics with the baby news Feb. 24.

## *Naya & Ryan*

## JOE AND SOFIA Pick Their Vow Locale

**Manganiello and Vergara**  
choose a luxe property to wed

**J**oe Manganiello and Sofia Vergara packed PDA into wedding planning. The couple of seven months “were very affectionate” as they scoped out the Breakers resort in Palm Beach, Florida, February 25, says a witness. “Joe had his hand on her back.” Later, as they lunched at the 140-acre venue’s restaurant, Vergara, 42, studied a photo of a wedding cake that “was six tiers and elaborate,” the witness added. They were sweet on the whole property. “They want to get married there,” another insider says. But pals shouldn’t expect invites yet. The duo’s schedules (she’s promoting May’s *Hot Pursuit*; his *Magic Mike XXL* hits theaters July 1) pushed their summer ceremony to the fall. No matter the season, it will be the bride’s day. Adds a pal of 38-year-old Manganiello, “Joe is eager to make Sofia happy!”

“They also signed contracts with a driver and another vendor,” a source says of Manganiello and Vergara (in L.A. Feb. 22).

**F**ashion mogul, singer, mother... author? **Jessica Simpson** was recently approached by a literary agent to write a tome "about her life and rise to business success," a source tells *Hot Stuff*. "She was getting offers for between \$1 million and \$2 million — or more." Of course, with such a high price tag, publishers expected the mom of Maxwell, 2, and 20-month-old Ace (with husband **Eric Johnson**, 35) to get very personal. "Companies wanted her to write something as dishy as possible — about her romance with Eric and being a mother," adds the insider. "Some thought a book on relationships would be a hit." After toying with the idea, Simpson, 34, closed the book on the proposal to focus on her first love. Explains a pal, "She chose not to pursue this because it would pull her further away from her music. She's recording a new album instead."

HOW

# TOLD THE GIRLS

Opening up about transitioning into a feminine self, **Jenner** receives support from his daughters

BY KEVIN O'LEARY

It was the moment of truth. Gathered together on a couch in Kourtney Kardashian's Calabasas, California, home January 19 — in front of multiple E! cameras — sisters Kim and Khloé Kardashian and Kylie and Kendall Jenner braced for what their father Bruce Jenner was about to say. The *Keeping Up With the Kardashians* patriarch, who had called the meeting, “was very matter-of-fact,” shares a family insider. “He literally started the conversation with, ‘Hey, guys, I’m becoming a woman. But I’m sure you probably already figured that out.’”

The conversation was a long time coming. For months, the man they once teased for wearing the same Adidas flip-flops every day for five years had been growing his hair and painting his nails red. Yet the

"I think he looks great,"  
Khloé told *Us* last

parents to be happy."

girls said nothing, choosing to let the 65-year-old former Olympian decide when to address it. But after *In Touch* released a cover January 14 featuring Bruce's head superimposed on actress Stephanie Beacham's body — and he was photographed crying in his SUV — his daughters grew concerned. "There was so much speculation, and they were all wondering about the truth," continues the source. "Bruce had to address it with them." Bruce used the summit as a platform to go public, inviting E! cameras to tape it for *Keeping Up's* new season, which will precede a docuseries about his transition. Until then, he is carefully controlling how his personal journey is revealed. Says another family confidant, "He told the kids that if anybody asks, they are just to respond, 'Bruce is in a very good and happy place.'"

### HOW THEY REACTED

True to type, Bruce kept his explanation short. "He got a little emotional,

(on *Glee*) went  
from Shannon

"I lived a double  
life, much

says Maloney.

## Paving the Way for Bruce

➤ Transitioning is no longer taboo. Fox's *Glee* tracked the female-to-male journey of Coach Beiste (Dot-Marie Jones). "It was beautifully done," Jones tells *Us*, praising show creator Ryan Murphy for "including everybody" in story lines. ABC's *Grey's Anatomy* featured a similar narrative on February 19. Across the pond, Kellie Maloney (formerly boxer Frank), 61, appeared on U.K.'s *Celebrity Big Brother* in 2014. "The country watched me come to terms with myself," she tells *Us*. "It really helped."

but it wasn't a jaw-dropping conversation," says the confidant of the meeting, which will air during episode 13 of the new season, premiering March 15. "Still, it's a surprise to the girls that he's doing this at 65." He asked them to stop calling him Bruce, notes the insider, and use a female name he has selected. He did not volunteer — and no one asked — whether he will pursue sex-reassignment surgery. "That is such an elephant in the room," says the source, "but the girls are good with elephants." Besides, says another pal, "they don't really want to know."

Nineteen-year-old model Kendall offered two strong words of encouragement, notes the source: "She just said, 'Be you.'" Kylie, 17, backed up her big sister. "They want nothing more than for their dad to enjoy the life he wants to live," says the insider of Bruce's girls with ex-wife Kris Jenner. Bruce got a similar reaction from Khloé, 30, who he helped raise from age 6 after marrying Kris in

# SECRETS OF THE E! DEAL

**K**eeping Up With the Kardashians doesn't come cheap. NBCUniversal will shell out up to \$100 million for four more years of the show and its existing spinoffs, a family pal confirms. (A network rep calls the figure "grossly inaccurate.") Manager Kris played hardball, threatening to abandon the network, says an insider: "This has been in the works for almost a year. Kris is a fierce negotiator!" Here's how it shook out for the rest of the crew.

## SCOTT'S ON HIS OWN

Blood is thicker than water: According to reports, Kourtney's boyfriend of nine years and father of her kids, Mason, 5, Penelope, 2, and Reign, 3 months, had to hammer out his own deal with the network.

## A PAY CUT FOR ROB

The troubled sock designer (right), who skipped out on sister Kim's 2014 wedding, was barely a presence on last season's *Keeping Up With the Kardashians*. Currently bunking at Khloé's, he will be paid per episode — if he actually shows up — as opposed to a lump sum.

## KENDALL AND KYLIE GET A SHOW

A proposed spinoff featuring the youngest girls would build the family brand. However, a source says model-of-the-moment Kendall (left) isn't biting. "She doesn't mind making money off reality TV," says the pal, "but she thinks having her own show would make her look cheesy in the fashion world."

“**BRUCE TOLD HIS KIDS THAT HE'D FELT THIS WAY ALL HIS LIFE, AND ASKED FOR THEIR ACCEPTANCE.**”

A JENNER FRIEND

1991. Even before the 6-foot-2 athlete underwent surgery to shave his Adam's apple, and thereby soften his appearance, in January 2014, "Khloé had a feeling about Bruce's femininity over the years," says the insider. "It all suddenly made sense to her."

Not so for Kourtney and Kim. The source notes that the eldest Kardashian and the 34-year-old were initially perplexed. But Kourtney, 35, mom of Mason, 5, Penelope, 2, and Reign, 3 months (with Scott Disick, 31), "is so wrapped up in her kids and new baby," says the insider, that she soon ceased to worry. "She doesn't care what Bruce does." Meanwhile, adds the insider, "Kim had been thinking, What if Kendall has an event and Bruce shows up in a dress? Won't that steal all her attention?" But after a talk with husband Kanye West, 37, the mom of North, 21

months, “is now genuinely happy for Bruce,” says the source. “Kanye said she should support her parents.”

First order of business? Posing for a photo, of course. That day, all but Kendall posted a shot of the girls flanking Bruce. Kylie captioned hers “daddy’s girls,” while Kim wrote a pointed “Family first.” Beyond that, the family is sticking to Bruce’s script. When asked by *Entertainment Tonight* January 27 about Bruce, Kim demurred: “I guess I’ll kind of let everyone be curious. I feel like that’s his journey to talk about.” She didn’t even confide in close friends. During a late-February Montana ski trip, taped for *Keeping Up’s* season 13 finale, she finally explained her reticence to best friend Jonathan

“WE ARE A FAMILY THAT GOES THROUGH SO MANY DIFFERENT THINGS, AND WE’RE ALWAYS THERE TO SUPPORT EACH OTHER.”

KIM KARDASHIAN

Cheban on camera. “She said she’s sorry she couldn’t tell him about Bruce earlier,” notes the source, “but she didn’t have the facts.”

#### ► FAMILY MATTERS

Bruce’s former wife of 22 years has not been quite as supportive, says the insider: “Deep down, Kris feels betrayed.” In fact, the 59-year-old personally put the kibosh on a press tour to promote the upcoming season. Though neither Kris nor her son, Rob, 27, attended the January 19 meeting, Bruce’s sons Brandon, 33, and Brody, 31 (with his ex-wife Linda Thompson), have shown up for their dad, even helping him move into a new \$3.9 million Malibu home

February 20. "Their relationship became stronger through all this," says the family insider. The same can be said for Bruce's mother and sister. On February 4, his mom, Esther, 88, told the Associated Press, "I'm more proud of him now" than when he won the gold medal in 1976. Later that month, his Florida-based sister, Pam Mettler, 66, echoed the sentiment to U.K. newspaper *Daily Mail*, saying, "We fully support him."

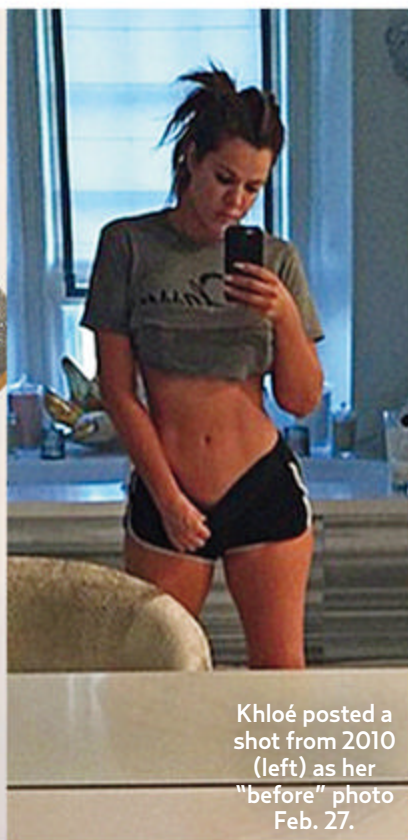

## ■ HIS FUTURE

He'll need their strength. Excluded from Kris' new \$100 million E! deal (*see box, page 43*), the motivational speaker faces an uncertain future. "Bruce is really focusing on income," says the insider. "His speaking engagements have already quieted down." New money fears arose after his involvement in a fatal February 7 car crash in Malibu. "He's getting over the shock that a woman has died, but he is also aware that he could be sued." The as-yet-untitled docuseries, produced, a source says, by reality powerhouse Bunim/Murray, could mean a financial windfall. "The bulk of the show is done," says a source. "They just have bits and pieces left to film." His scheduled top-secret interview with ABC News' Diane Sawyer may provide fresh opportunities as well. "Bruce talked to Diane about the interview while in New York City before the crash," says the insider. "But the interview won't air until early summer, when his new series starts."

As he prepares for his close-up, Bruce is living more fully as a woman at his new home in Malibu. Over the next weeks and months, "he will wear women's clothes more around the house and will gradually make little changes in a more public manner," says the confidant. "He feels so much better to be in control of his body and life."

**T**wo years of working out five times a week with pro Gunnar Peterson have left Khloé Kardashian in fine form. The 5-foot-10 star, who once called her weight her "biggest insecurity," documented the birth of "baby abs" on Instagram February 27. Now in the running to replace Kelly Osbourne on E!'s *Fashion Police*, according to a source, Khloé is "focused and intense," Peterson tells *Us*. "Her diet is on point, and her ab pic points to that!"

## Sweet Yeezus!

» Kanye West = big softie? The rapper choked up discussing the death of fashion mentor Louise Wilson in a BBC Radio interview February 26. "That's never happened to me," he noted afterward. Later that day, he tweeted an apology to Beck for criticizing his Grammy win. And now, he'll forever wear his heart on his . . . wrists. That week, he honored his late mom, Donda, and daughter, North, by getting tattoos of their birthdays in Roman numerals.

West got inked at Sang Bleu Tattoo in London Feb 26.

Kim also called Davidson a "beast" during the brouhaha.

Rinna "wasn't faking it for the cameras," says a source.

# HOUSEWIVES EXPLOSION!

Postcard from Amsterdam: Not having a wonderful time.  
**Kim Richards and Lisa Rinna square off** BY ERIC ANDERSSON

**S**o much for a quiet vacation dinner. On the March 3 episode of *The Real Housewives of Beverly Hills*, Lisa Rinna snapped when costar Kim Richards threatened to expose a secret about the former soap star's husband, *Mad Men* actor Harry Hamlin.

While dining out during a group trip to Amsterdam, recovering alcoholic Richards, upset that Rinna had openly questioned her sobriety, seethed, "Let's talk about [your] husband. . . . You better watch what you talk about me or everybody will know!" The normally

happy-go-lucky Rinna bellowed, "Never go near my husband!" and lunged for Richards' throat, then smashed her own wineglass on the table before costar Yolanda Foster pulled her away. "All hell broke loose," Richards' castmate and sister, Kyle, told *Us* February 28 at the

Family Equality Council awards dinner in L.A. "It was a nightmare."

Expect more bad dreams ahead. Kim, 50, and Rinna, 51, buried the hatchet on camera the following morning, but the détente didn't last. According to a show source, the women fought yet again in a scene taped for the finale, and engaged in another shouting match when they taped the Bravo reality show's upcoming reunion February 21 in L.A. "Since Amsterdam, those two really hate each other," says a show source. "The reunion is intense."

#### THE FALLOUT

Where loved ones are concerned, Rinna doesn't back down from a battle. "I'm like a mama grizzly bear," says Rinna, who has daughters Delilah, 16, and Amelia, 13, with Hamlin, 63. "I'm fiercely protective of my family." Especially when it comes to clearing up lies. A Rinna source says Kim's vague claims about Hamlin are as fake as a Beverly Hills boob job. "At the reunion, Lisa was like, 'What's the secret?' Kim kept refusing to say! It only exists in Kim's mind." Agrees the show source, "Kim was trying to imply something about Harry as a sort of revenge for questioning her sobriety."

Housewife Eileen Davidson insists she and Rinna meant no harm when they expressed concern for Kim. (Quick recap: Kim slurred her words and behaved erratically at Davidson's poker party, which aired January 20; she later admitted to taking prescription pain medication.) "We were trying to help, and we probably didn't go about it in the right way," says Davidson. "But our

"WE WERE SO UPSET. ALL THE WOMEN WERE IN TEARS. NONE OF US HAD EVER SEEN SOMETHING LIKE THIS."

KYLE RICHARDS TO US

hearts were in a good place."

#### MEAN STREAK

The same can't be said for Kim. "She is the type to lash out and hurt people when she's upset," says the show source. And her threats toward Rinna have angered the other Housewives (including

Kyle, who refused to defend her sister's actions in Amsterdam, causing a fight between them). "Lisa was provoked," says costar Lisa Vanderpump. "It's a situation where I would have overreacted as well." Echoes Davidson: "When other people start attacking our loved ones, it just feels below the belt. You don't do that to spouses. It's creepy." But it does make for good TV.

The three-part Amsterdam trip concludes March 10.

GAGA & TAYLOR

# TAKING THE

"Gaga is totally enamored with Taylor," says a source.

"My weave froze!!" Gaga posted after. "Taylor gave me his hat."

Outside temps hovered at 20 degrees as the duo dipped into Lake Michigan.

"Feels so good to do things for a good cause," Gaga wrote.

"You could tell they are very much in love," Hogan tells *Us*.

Kinney has gushed to *Us* of his love, "She's a sweetheart!"

## Ice, ice baby! Lady Gaga makes a surprise splash with Kinney

BY RACHEL PAULA ABRAHAMSON

**S**hivering on the sidelines just wouldn't do. So five minutes before fiancé Taylor Kinney was slated to run into icy Lake Michigan for Chicago's March 1 Polar Plunge, Lady Gaga, 28, decided she could take the heat . . . or lack thereof. Hopping on the back of her love of four years, Gaga braved the 32-degree waters with about 4,500 other participants, including Kinney's *Chicago Fire* costars and guest of honor Vince Vaughn. "She was just there for support, but then Taylor teased her that she was a wimp for not doing it with him. She was like, 'Oh, yeah?!'" says a Gaga source of the six-time Grammy winner, who kept her Lorraine Schwartz engagement ring on for the dip. Casey Hogan, president of Special Olympics Chicago, tells *Us* he was impressed as he watched the pair help

raise \$1.1 million for the charity. "Taylor was looking after her," Hogan tells *Us*, "but Gaga was smiling the whole time. She was very into it!"

### ▶ DIVING AHEAD

Gaga and the Pennsylvania-bred actor, 33 — engaged on Valentine's Day — are planning equally chill nuptials. "She's just coming up with ideas now," says a source of the bash, which Gaga aims to have catered by her parents' NYC Italian restaurant, Joanne Trattoria. Penciled in on the guest list: Elton John, 67, and her *Cheek to Cheek* duet partner, Tony Bennett, 88. "She's asked her sister, Natali, to be the maid of honor, and her dad can't wait to walk her down the aisle," adds the insider of the pop star, who begins filming *American Horror Story: Hotel* this summer. "They want it to be a family celebration." **US**

"It's fantastic," Vaughn (with Gaga and Kinney) said after getting drenched.

## Vince's New Chapter

» Though he stepped out for charity at the March 1 plunge, Chicago native Vince Vaughn relishes his private life with his wife of five years, real estate agent Kyla Weber (inset) and kids Locklyn, 4, and Vernon, 19 months. "I never enjoyed the paparazzi side of it," the *True Detective* actor, 44, said to *Playboy* about his 2005–2006 relationship with Jennifer Aniston. "You like someone and you're spending time with them . . . but I really spent most of that time finding ways not to be drawn into the attention." Now based with his brood in L.A., Vaughn adheres to a simple set of priorities: "[I want] my family to be healthy and happy."

**H**ow to address Dame Judi Dench: Dame Judi? Dame Dench? "Call me Judi, please," the actress, who was bestowed the title in 1988, instructed *Us*' Omid Scobie at London's Claridge's hotel February 14. Indeed, despite more than 100 film and television credits on her résumé — and an Oscar for eight minutes of screen time in 1998's *Shakespeare in Love* — the British icon remains humble. "Someone once said to me, 'I never thought I'd see a celebrity in [U.K. supermarket chain] Waitrose,'" she recalled. "And I thought, 'I'm not a celebrity! I'm a jobbing actor!'" For her latest gig, *The Second Best Exotic Mari-gold Hotel* (out March 6), Dench, 80, reprises her role as a widow finding a new lease on life and love in India. The stage and screen legend, who dates conservationist David Mills, enlightens *Us*.

**Was returning to India with the same cast as fun as it looked?**

It was lovely! Seventy percent of the crew who worked on the first movie were on this one, so it was like being with old friends.

**Any chance you all partied after-hours?**

We swam a lot. And I loved this game called Bananagrams. Our hotel in Udaipur had this channel of water all the way around that our rooms looked out onto. One day I was out swimming and Maggie [Smith] — we're old friends — called and said, "Judi!

Get the Bananagrams!" I swam back, got the game and tied it to my head and swam back around. I remember sitting outside, playing it into the night.

**Has Maggie ever asked you to join her as a guest star on *Downton Abbey*?** [Smiles.] She hasn't.

**You've been approached?** [Smiles again.] I just like watching the show.

**You're busy! Tell *Us* about working with Benedict Cumberbatch on BBC's *The Hollow Crown*.** I've known Benedict since he was a little boy.

His mother and I went to school together. I send him and his new wife huge love. I've been thinking of him, and his ma and pa.

**Does it frustrate you that people always assume you want to retire?**

It doesn't frustrate me, it maddens me! I say that it's not in my vocabulary, *retirement*. And if I can't do one thing, then I'll learn something new.

**Like what?**

Well, there are all sorts of things that I don't know about. It's like, I learned yesterday that a man who makes arrows is called

a fletcher. Do you know what a man who makes barrels is called?

**Not a clue.**

You see, there you are. A cooper. I'm full of knowledge. Completely irrelevant knowledge, but it might be useful doing a crossword one day.

**Rumor has it you're quite the pet enthusiast, with an interesting collection.**

Well, I don't have much of a collection anymore. But I have one cat, one dog, which is my daughter's [actress Finty Williams, 42], and this immense, legendary goldfish.

There's nothin' like a dame! Dench talks with *Us* about Maggie, Benedict and her future (Retirement? Heck, no!)

In season 5, Cynthia Nixon unearthed a lurid 1843 news account of her three-times great-grandmother, an abused wife who murdered her husband with an ax while he slept. The 1692 warrant for Sarah Jessica Parker's 10th great-grandmother Esther Elwell cited "sundry acts of witchcraft." (A girl claimed she saw Elwell's specter strangle a neighbor!) The actress and season 1 guest, 49, learned that lucky timing saved her ancestor from the Salem witch trials.

## REBA MCENTIRE

Human Trafficking

Bills of sale told the tale: Reba McEntire's four-times great-grandfather George Brasfield was a slave trader in the 1800s. The North Carolinian owned a tavern, 1,600 acres — and 10 slaves, including a 3-year-old and a woman, 20, “with her increase” (meaning any children she would have). Before this season 3 quest, the singer, 59, was unaware her family bought and sold slaves. “That broke my heart,” she later said. “I had to do some soul-searching.”

YOU WANT TO KNOW ABOUT...

## PHILLIPPE'S WHODUNIT

Rejoice! **Ryan** is coming to a living room near you

**R**yan Phillippe is psyched his kids can *finally* watch his work. On his new ABC drama, *Secrets & Lies* (Sundays, 9 P.M.), “the language isn’t rough and there’s not a ton of sex,” says the veteran of R-rated fare such as *Crash* and *54*. “It’s a murder mystery for the whole family!” During his one-season stint, the father of three (Ava, 15, and Deacon, 11, with ex-wife **Reese Witherspoon**, 38, and Kailani, 3, with ex-girlfriend **Alexis Knapp**, 25) plays Ben, an affable dad suspected of killing a neighbor’s son. The 40-year-old (dating law student Paulina Slagter) submits to *Us*’ interrogation.

**Q: Why say yes to this TV role?**

One of the elements that drew me in was the way the situation affects Ben’s children and changes how they look at him. That strikes you to your core as a parent: the idea of your kid being afraid of you.

**Q: You’re in nearly every shot. Tough?**

It was grueling. I had no days or scenes off. But my exhaustion translates into the fatigue Ben would experience.

**Q: The show’s tone is dark. Did you take that home with you every day?**

A little bit. The fact that we were on location [in North Carolina] made it so I could shield my family from that. I wasn’t coming home to my kids, so it spared them from my mood.

**Q: Ben is often shirtless. Your idea?**

No! And in fact — I would have it the opposite!

ERIC ANDERSSON

KaDee Strickland (left) plays Phillippe’s angry wife.

Phillippe says the show’s resolution is “bleak and devastating.”

### EAT FIBER AND PROTEIN

First, says the author of *5 Pounds* (Rodale), eliminate hunger pains with meals chock-full of the two most satisfying nutrients. In the A.M., try a smoothie with fruit and protein powder; for dinner, make a shrimp-and-veggie stir-fry.

**WALK THIS WAY** "If you move more all day rather than doing grueling workouts, you'll be in better shape," says **Megan Fox's** trainer. Invest in a fitness tracker or pedometer, suggests the pro, and aim for 10,000 steps (or 5 miles) every 24 hours.

### DITCH THE DUMBBELLS

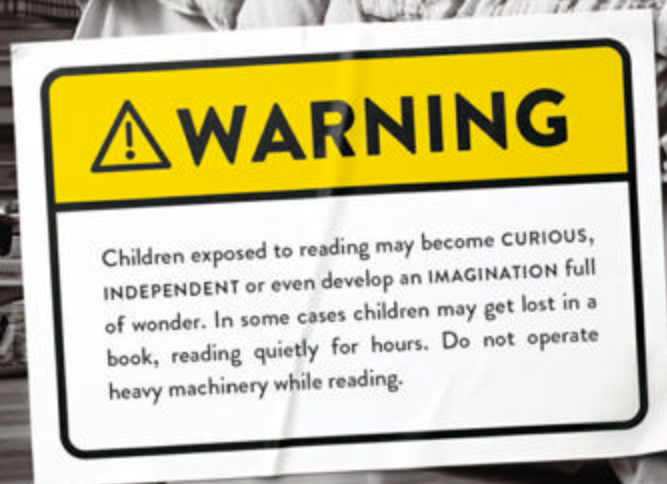

Five minutes of daily toning using your own body weight makes all the difference, says Pasternak. He leads client **Jessica Simpson** through moves such as planks, which target abs, and lunges, for an improved rear view.

**GIVE TECH A TIME OUT ...** Alerts from your phone can increase cortisol (the stress hormone that leads to belly fat), says the pro, who advises unplugging for an hour a day.  
**... AND ZZZ'S A CHANCE** "When you don't sleep enough, you eat more," he says. Shoot for seven hours of shut-eye, and wave bye-bye to extra weight.

Back away from the throne, girls. The 56-year-old Queen of Pop valiantly defends her crown against any would-be successors via a regal 13th studio album. Backed by a battalion of boldface-name collaborators (**Kanye West**, **Nicki Minaj**, even **Mike Tyson**),

Prime picks: the transfixing, Yeezy-produced "Illuminati" and "S.E.X.," as well as five **Diplo** jewels, highlighted by the house-gospel rave "Living for Love." The Material Girl also expresses real *Ray of Light* vulnerability, imploring "Just hold me while I cry my eyes out,"

in the mellifluous "Joan of Arc." Alas, there are chinks in her armor. The 19-song set could use some trimming, as one too many throwaways — take the tepid "Inside Out" or "Messiah" — flail in the wake of the superior ballad "Ghosttown." On "Veni Vidi Vici," an autobiographical rouser featuring **Nas**, she proclaims, "I came, I saw, I conquered." Almost, m'lady. (Interscope)

# A Pill That Can Reshape Your Entire Body In 30 Days?

by Tiffany Strobel

**As incredible as it sounds,** groundbreaking research has just identified a compound that can not only help you lose weight, but can actually reshape your entire body, reducing waist size, hip size, thigh and buttock circumference, belly bulge, and... last but not least... cause a significant loss of actual fat mass from all over your body. Has the “miracle pill” finally arrived?

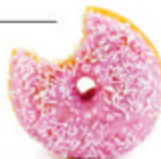

It doesn't happen very often, but every once in a great while a new weight-loss product comes along that really gets me excited. And, the fact that I get to tell you about it before Dr. Oz features it on his super-popular TV show is “icing

Additionally, with respect to time, researchers observed a significant effect on the hunger hormone ghrelin as well as on satiety and desire to eat. The end result was that the specialized compound was shown to cause a significant

the day with a smile on your face (another added benefit). This unique formula has been exclusively licensed to Bremenn Clinical under the trade name Vysera®-CLS. And trust me on this... once you start taking it and see how quickly it transforms your entire body, you'll be a believer, too.

**“It's sort of like eating a whole donut, but only absorbing a fraction of the calories...”**

on the cake!” The product is called Vysera-CLS, and, unlike your run-of-the-mill “diet pill” that merely helps you lose weight (while following a strict low-calorie diet), Vysera can actually reshape your entire body... dropping inch upon inch of unsightly fat from your waist, hips, thighs and tummy... even if you're eating more than 2,000 calories a day! Some people are calling it a “miracle pill.” However, this “miracle pill” is backed by serious clinical research published in the highly respected *British Journal of Nutrition*.

## The Power to Reshape Your Entire Body

While you and I only care about results (and the results are incredible), the scientists I've spoken to are even more excited about how this compound works.

So here we go. In a randomized, double-blind, placebo-controlled clinical trial, study subjects took the compound along with their main meal of the day. Thirty minutes later, they had a significantly lower percentage of blood glucose increment from baseline, a smaller increase in C-peptide and, forty-five to one hundred twenty minutes after they ate, subjects also experienced a smaller insulin increase compared to placebo.

reduction in body weight, fat mass, BMI, adipose tissue thickness, and waist/hip/thigh circumference while maintaining lean body mass.

## So Here It Is In Plain English:

People who took this incredible compound not only lost weight, but lost a significant amount of squishy, flabby, unattractive body fat from those hard-to-target places we all hate: our hips, thighs and butt. It also caused a significant reduction in the amount of fat around the waist (yes, that means you can start saying goodbye to your love handles), helping study subjects achieve that tight, sexy, firm figure we all dream of. And the best part? The compound did all this on 2,000 to 2,200 calories a day! In other words, without requiring anybody to follow a low-calorie diet or work out for hours every day! Think of it this way... it's sort of like eating a whole donut, but only absorbing a fraction of the calories. How's that for amazing? (Of course, we don't advocate eating a donut as a meal, and this example is used for illustrative purposes only.)

## Where Can You Get It?

A company here in the USA has acquired the patented compound and added a proprietary mood-elevating, feel-good energy component to help eliminate diet fatigue and get you through

## So What's The Catch?

It seems there's always a catch with “diet” pills... so what's the catch with Vysera? The price. A full 30-day supply of Vysera will cost you about \$100... in other words, don't go looking for it at your local Walmart. Vysera-CLS is currently available at all Ulta stores, Kohl's, and GNC. Over the next few months, it will be available on a limited basis at prestige retailers across the U.S. Having a hard time finding Vysera-CLS? Can't wait? You can order it directly from Vysera by calling 1-800-820-7614 or visit their website at [VyseraCLS.com](http://VyseraCLS.com). Use promo code VYSERA166 at checkout and shipping is free!†
